Tyres Clarifications

► Damage tyre clarification:

Damage tyre = A damaged tyre is a tyre that has a puncture or that the nylon or metallic internal structure is visible.

► Tyre warming

In order to prevent tyre warming, the following will apply.

Save provision of art. 8, tyres that are foreseen to be used in a race must be visible and under “parc fermé” conditions in the front of the tent or the box 30 min before the start of the sessions. Teams will be allowed to install them on the car 5 minutes before the opening of the pitlane.
